

FIBERGLASS & CARBON FIBER LEADERS

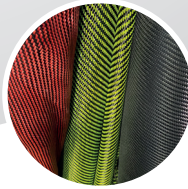

Like you, we love cars too!

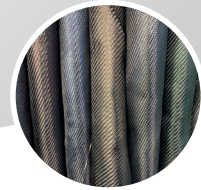

Fiberglass

Carbon fibers

Carbon fibers

Carbon fibers

Fusion X Automotive is revolutionizing the custom car market with its best-in-class fiberglass and carbon fiber products.

Product Advantages

- 100% Fiberglass or Carbon Fiber
- Lightweight, strong, and durable
- Proprietary process reduces labor cost
- Direct and universal vehicle types

Fiberglass Mechanical Properties

- dimensional stability
- chemical resistance
- thermal conductivity
- high strength

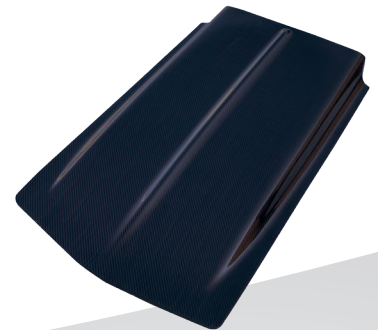

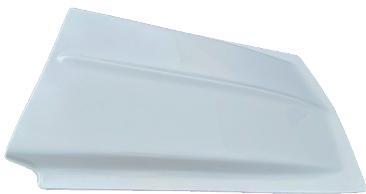

Made in the USA

Carbon fibers are high-strength fibers having ~ 5 μm diameter and constitute mostly carbon atoms. Compared with other fibers, carbon fibers have several advantages.

Carbon Fibers Properties

- high mechanical strength
- high stiffness
- lightweight
- very low thermal expansion
- superior chemical resistance

Fusion X Automotive hoods, scoops, and cowls keep your car cooler for the short and long run and increase your car's performance.

Adding a Fusion X Automotive hood scoop will improve performance and make your car a showpiece on the road. Our hood scoops help your car's engine stay cool, especially if it runs for a long time. The hood scoop is installed to the car's hood, directing cool air to the engine, keeping it from overheating, and helping your ride to perform more efficiently. We offer custom sizes to fit your vehicle. Hood scoops come in different sizes as indicated in the part's list below. Fiberglass offered with white gelcoat and Carbon Fibers come in traditional or a variety of colors with clear gelcoat.

HOOD SCOOPS

FUSION X PART #	TYPE	LENGTH (in)	WIDTH (in)	HEIGHT (in)	WGT (lbs)	VEHICLE TYPE
11FX4116	Cowl Induction	45	24	6	13,6	Universal
11FX1116	Cowl Induction	49	28	6	15	Universal
11FX4114	Cowl Induction, Bolt-on	48	25	4	16,1	Universal
11FX3155	Big-O	22	16	13,7	11,3	Universal
11FX1114	Cowl Induction	53,5	28	4	14	Universal
11FX1107	Z-28 Style Cowl Induction	42,5	25,5	4	13	Universal
11FX4104	Cowl Induction	43	29,5	4	11,6	Universal
11FX1125	Cowl Induction	55,5	30	7	16,5	Universal
11FX1103	Cowl Induction	41	23	2,5	12,2	Universal
11FX3161	Aero Pro I	48	17	10,5	13	Universal
11FX4103	Cowl Induction	43	29,5	4	13	Universal
11FX1114	Z28 Cowl Scoop, Bond-on	53,5	28	4	14	Universal
11FX1112	Z28 Cowl Scoop, Bond-on	54	28	3,5	15,65	Universal

Fiberglass offered with white gelcoat and Carbon Fibers come in traditional or a variety of colors with clear gelcoat.

HOODS

PART #	TYPE	LENGTH (in)	WIDTH (in)	HEIGHT (in)	WGT (lbs)	VEHICLE TYPE
